Our roses come from Star Roses and Weeks Roses. Pictures can be found in catalogs (available for viewing at our store) and on their websites.

Hybrid Tea & Grandiflora (g)

These cultivars are grown for the individual beauty of each flower. All are excellent cut flowers. These make the largest flowers either one to a stem or in small clusters. If the flower looks it best when produced singly it is designated as *Hybrid Tea*. If it looks best as a small cluster, it is designated a *Grandiflora*. Average bush size is 4-5' tall and 3-4' wide. "Classic" flowers are those whose petals are arranged in a spiral with a single "center".
